

Western Massachusetts' Pre-Apprenticeship Program

What is Community Works?

We're a free training program to help folks get the training and experience necessary to enter the construction/building trades. No matter where you are in life, we're designed to get you into a satisfying, well-paid career as soon as possible.

What do I get out of it?

Training and certifications to begin a new career in the construction industry. Even before the class graduates, you will have certifications to start working on a job site on day one.

When does it run?

The times of the program are set to accommodate folks who might already have to work during the week. Our program runs from **February 14 through April 15**. Classes are online (live over Zoom) **Tuesday, Wednesday, and Thursday nights from 6:30-9pm**, and in-person **on Saturdays from 7am – 3pm**.

How much does it cost?

Nothing. \$0. We are a publicly, fully funded program, so accepted applicants pay nothing for the class. (In fact, we buy you a pair of high-quality boots and a set of tools when you begin your new job in construction.)

Will I get a job when I graduate?

While we can't guarantee placement, over the course of the 2 months of the program, you will be provided with a number of opportunities - from direct entry jobs, apprenticeship programs, and more.

Applications due by February 3
